Plan your vacations – start here.

Gather the family and begin planning, plotting, and anticipating your next vacation. Start by browsing through this directory for ideas and inspirations. Then move on to your owner website, *worldmarkbywyndham.com*, for details and specifics about the resorts and suites. Finally, book your dates online, or call Vacation Planning. The only thing left to do is get excited.

Make a reservation with your vacation credits.

Every year during your anniversary month, your WorldMark account is refreshed with the full number of vacation credits (credits) you've purchased. You can save your credits for up to two years to extend your vacation time to the following year, or borrow credits from the upcoming year to make a reservation.

The fastest and most convenient way to get your vacation on the books is through *worldmarkbywyndham.com*. But if you need assistance or have some questions, give your friendly vacation guides a call at 800-457-0103. Just keep these pointers in mind when you make your vacation plans.

- You can make a reservation using vacation credits up to **13 months in advance** — or, when space is available, on the very **same day** that your vacation begins. Of course, it pays to plan ahead to have the best chance of reserving the specific vacation dates, destination, and accommodations you desire.
- You can check in **any day of the week**.
- You can reserve **less than a week** any time in white or blue season, or in red season within 10 months of check-in. (Refer to page 10 for more details about credits and seasons.)
- You can book a **single-night stay** on the weekend unless both Friday and Saturday nights are available, in which case there is a two-night minimum.
- If you want to make a reservation and the resort you want isn't available for those dates, you can enter a **waitlist request**. For more information regarding the waitlist, visit the Owner Guide section of *worldmarkbywyndham.com*.
- For last-minute reservations — less than 3 months from check-in — check **Go-Now Getaways** for availability.

Make a reservation *without* your vacation credits.

If you're short on credits, or looking to save them, you can still go on a quick getaway or a last-minute escape with Bonus Time, Exotic Bonus Time, Inventory Specials, Monday Madness, and FAX Time. You can even extend an already amazing vacation at WorldMark resorts — all without using your credits.

Bonus Time

You can reserve unused suites at WorldMark resorts, without using credits or housekeeping. Keep these guidelines in mind when using Bonus Time for your reservations:

- You can make Bonus Time reservations 14 days or less in advance. Five days in advance for guests.
- You can book only one Bonus Time reservation at a time.
- Reservations are booked on a space-available basis, from one to four consecutive days, but you can split your stay between two or more resorts.

Exotic Bonus Time

Using Exotic Bonus Time, you can reserve available suites at resorts in Hawaii, Fiji, Mexico (except La Paloma), and the Caribbean. The following guidelines apply for these reservations:

- You can make Exotic Bonus Time reservations 30 days or less in advance for both owners and guests.
- There is no maximum stay per visit and the number of reservations allowed is unlimited, based on availability.

Inventory Specials

Monthly Inventory Specials are just that — special rates at resorts that may have extra suites available. You can book them at Bonus Time rates within a larger booking window. Keep the following in mind when taking advantage of Inventory Specials:

- You can make Inventory Special reservations 60 days or less in advance for both owners and guests.
- The Inventory Special page on *worldmarkbywyndham.com* is the place to check for current specials and guidelines.

Monday Madness

Monday Madness is a weekly online booking special featuring select resorts, at a per-credit fee. To take advantage of Monday Madness

- You can make a reservation for a maximum of 7 nights, limited to 6 active reservations at a time.
- The Monday Madness page on *worldmarkbywyndham.com* is updated every Monday with current offers and policies.

FAX Time

FAX Time is a rental program made available by the developer that allows you to rent one-time use credits at a per-credit fee. These are the FAX Time rules and regulations.

- You can book a FAX Time reservation for a maximum of 14 nights, limited to 10% of the total suites at the resort.
- Available at tiered pricing with active reservation limits.
- Unlimited FAX Time is allowed in all seasons.
- For more information on FAX Time policies, visit the Owner Guide section of *worldmarkbywyndham.com*.

For all of the above non-vacation credit reservations, you pay cash at the time of booking. To calculate your costs, multiply the per-day credit value by the current rate. You'll find the **Current Rates and Fees** list in the Owner Guide section of *worldmarkbywyndham.com*.

Housekeeping

Required to cover the cost of cleaning your suite after checkout. You are awarded complimentary Housekeeping Services annually. For amounts, fees for additional services, and cancellation policies, see the Club Guidelines on page 364.

Guest Certificates

Required for each reservation you make for a guest. You are awarded complimentary Guest Certificates annually. For amounts, fees for additional certificates, and cancellation policies, see the Club Guidelines on page 363.

Taxes

Some municipalities levy occupancy taxes. The rates vary by state and local taxing authorities, are not determined by WorldMark, The Club, and must be paid at the time of reservation. More information can be found at *worldmarkbywyndham.com*.

It’s all in the details.

The place, the time, the suite size — you’ve all agreed on the basics and you’re ready to reserve. But first a word about how to read and interpret the charts and symbols we use in this directory and on *worldmarkbywyndham.com.*

1. How many credits will you need?

The number of credits required will vary by resort, suite size, season (red, white, or blue), day of the week, and length of stay.

2. How do you know what dates fall into which season?

Within each credit chart you’ll find the date ranges for each season. Red (high) season will require the most credits, followed by white (mid) and blue (low) seasons. Just one thing to remember: If you book red season more than 10 months in advance of your arrival, there is a seven-night minimum. However, you can split up those seven nights among several resorts.

Mmmmm, the scent of custard kringles and butter rings wafting through the streets. Danish pastries are only the beginning of your cultural immersion into Little Denmark, a California community with a European personality. Tape your teens pointing at windmills, your little darlings attempting a folk dance, your fashionista squeezing both legs into an oversized wooden clog. Then hop onto a streetcar to see more sites. Small-time pleasures bring grand memories..

Pack your swimsuits and plan to frolic under the vast, sunny Maui sky. Cross the street to reach a 6-mile golden sand beach — nirvana for families who like to surf or swim, kayak, or snorkel. You might then trek to exotic black or red sand strands elsewhere on this Pacific paradise, yet one passionate "Please, Mom!" may divert you to the Kalaha Skate Park. Just be sure to take a whale-watching tour. T

Magnificent views add to small-town charm.

America the Beautiful. This is it. Gather up the brood and head to the Great Northwest, where a 25-mile lake, carved from glaciers, is the center of action that inevitably ends with an evening around your fireplace. If you're outdoorsy, paddleboard around the water. Feeling chilled? Choose an indoor waterpark. More into scenery? Set out a spread, pop open a beer, and watch the moon rise or the sun set over Lake Coeur d'Alene. T

Lasso up your brood and head to the hills.

We're talkin' Texas with a capital T, where ranches and rodeos will get your brood a-bonding in Hill Country. The sun peeks through leafy overhangs and gleeful shrieks fill the air as the tykes splash in cool spring-fed water at Schumachers Crossing. Grab your partner and two-step over to the old-time dancehall to catch some toe-tapping Lone Star ditties. Your smiles will be as wide as the welcoming Guadalupe River Valley. T

Think less cattle and more wine country.

An idyllic countryside where you're running through fields of bluebonnets may not be the first thing you think of when it comes to the Lone Star State. But Marble Falls offers a refreshing perspective of Texas. Cherish each moment with just the two of you over flights of bold reds at the rustic winery, then bring the whole family to pick fresh strawberries, blackberries and peaches at the local berry farm. Zion, Utah's first national park, is a high plateau with steep, narrow canyons and soaring sandstone cliffs. The diverse topography, ranging from more than 8,700 feet down to 3,666 feet, encompasses a variety wildlife habitats, plant ecosystems, and geological formations.

Arches tells a 65 million year old story that continues to evolve. The high concentration of natural stone arches gives the park its name, with more than 2,000 arches among the pinnacles, fins, and other geological formations.

Canyonlands features not only astounding natural rock formations and the remnants of prehistoric cultures, but it's recognized internationally as a Gold-Tier Dark Sky Park.

Let the breeze sweep you off your feet.

Round up the family and take a walk along the beach right before sunset to witness a breathtaking West Coast horizon. The incoming waves might catch you by surprise, but if you stay for low tide, you'll catch more ambitious beachgoers digging for clams while seabirds swoop in to pick up crabs from the shoreline. Get inspired to pick up your own fresh seafood to cook and then enjoy right from your balcony. [T]

You'll think you're in England.

One lump or two? Victoria retains British charm from colonial times, and what fun to embrace it by sipping tea — pinkies needn't be raised — strolling along manicured gardens, and touring a century-old castle. There's no need to get gussied up, of course. In fact, your most relaxed wandering might involve a waterfront fish 'n' chips snack for you, a fish food treat for the "moocher seals," at Fisherman's Wharf. T J

7. Vacation Credits Owned are the total number of Vacation Credits purchased, which are renewed annually.

8. Vacation Credits Available are the total number of Vacation Credits available for use in an Owner's account, whether saved or borrowed. All other terms in these Guidelines shall have the same meaning as set forth in the Declaration, unless the context otherwise requires.

9. Assigned Vacation Credits are a one-time assignment by gift, rental or otherwise of Vacation Credit use rights by the Owner of Record to another Owner, and do not constitute a transfer of ownership. An Owner may assign or receive by gift, rental or otherwise up to two times his or her annual Vacation Credit allocation each Anniversary year. Vacation Credits borrowed from future years and Housekeeping services are not eligible for assignment.

10. Grouped Reservations consist of two or more consecutive **Red Season** reservations (segments) linked together so that the grouped segments comply with the seven-night minimum stay requirement. Grouped Reservation bookings can be facilitated to create one continuous vacation, booked for and occupied by the same guest(s). The individual segments can be at a single, or at multiple resorts. The first day of all segments must be within 13 months of check-in at the time of reservation. Additional segments can continue to be added to a Grouped Reservation until the total of all segments exceeds 14 nights, at which point no more segments can be added. Any further nights need to be booked as a separate reservation in compliance with the Guidelines. There is a 48 hour waiting period for any changes or modifications to a confirmed Grouped Reservation not in compliance with the Guidelines on the original date of booking.

Section B — Types Of Reservations

1. Vacation Credit Reservations. Owners have the right to reserve time for occupancy in Club Units to the extent allowed by the use of an Owner's Vacation Credits, subject to these Guidelines and the availability of Units.

2. Bonus Time Reservations. Owners of Premier Vacation Credits have the right to reserve time for occupancy in the Club Units, subject to these Guidelines and the availability of Units by prepayment of the Bonus Time use fee.

Section C — Reservations

1. Reservation Booking Order. Requests for reservations will be honored on a first-come, first-served basis by calling 1-800-457-0103 during regular Club business hours, which are currently Monday through Friday, 6:00 a.m. to 7:00 p.m., Saturday and Sunday, 6:00 a.m. to 5:00 p.m. Reservations may also be made online at *worldmark.wyndhamdestinations.com*. All hours stated are PST/PDT.

2. Reservation Booking Method. It is recommended that all reservations be booked online or by telephone. Reservation requests by letter or e-mail will be accepted, but the Club will not be responsible for lost documents or timeliness of bookings.

3. Qualification for Making a Reservation. Reservations may be made only by an Owner of Record, and only by using one's own Vacation Credit account. The Club will not be responsible for conflicting reservations and cancellations of co-owners of Vacation Credits. If such conflict occurs, the Club reserves the right to suspend any usage of the Owner account until the Owners have resolved their conflict in writing to the Club, signed by both Owners.

4. Qualification for Using a Club Unit. Only the Owners and Guests of Owners can use a Club Unit. No one under the age of 18 will be allowed to use a Club Unit without parental supervision.

5. Time Frame for Making a Reservation. Vacation Credit reservations may be made up to 13 months before the first day of the reserved period, and may extend beyond 13 months if the stay is continuous and uninterrupted. Bonus Time reservations may be made up to 14 days before the first day of the reservation period. When a Bonus Time reservation is for a Guest to occupy the Unit without the presence of the Owner for any days of the reserved period, then the reservation must not be made until five (5) days before the first day of the reserved period.

6. Unit Assignment. Units are assigned based on the time of reservation, not on the time of check-in. Assignments are determined by the computer system so that stay opportunities for all Owners are maximized. At some Resorts, Units with special features, such as views, may be ranked in the computer so that earlier reservations have priority of assignment. Any priority of assignment that might be given for special features is based on the time of the reservation, not on the time of check-in.

7. Last 48 Hour Exemptions. To provide Owners with maximum opportunity for usage and to minimize vacancies, any Club Units that have not been reserved at least 48 hours (two days) before use shall be open for reservations, which will be exempt from the following Guidelines:

- Section C, No. 8(4): Length of Stay Requirements
- Section C, No. 10: Number of Vacation Credit Reservations
- Section C, No. 11: Number of Bonus Time Reservations

8. Length of Stay Requirements.

(1) There is a minimum seven-consecutive night stay, which may be split between two or more Resorts, defined as a Grouped Reservation, required during Red Season for any reservation booked more than 10 months before use. Unless otherwise required, there is no minimum number of nights in each reservation segment.

(2) A seven-night minimum stay that has been split between resorts will result in additional housekeeping fees at subsequent resorts.

(3) Cancellation of a single segment of a Grouped Reservation will result in the cancellation of the entire reservation.

(4) There is a two-night minimum stay required on Weekend Only reservations when both Friday and Saturday night are available.

(5) There is a four-night maximum stay for each Bonus Time reservation, though a Bonus Time reservation may be combined with a Vacation Credit reservation, providing all Guidelines for making a Bonus Time reservation are met.

(6) Reservations may not exceed thirty consecutive nights.

Exception to the Red Season Length of Stay Requirement. In the event that seven-consecutive nights are not available in the unit size requested, a reservation may be made for all the remaining nights in the respective unit size more than 10 months in advance of the use date, provided that all the available nights are booked. In the event that a single reservation segment includes dates in Red Season and White or Blue Season, a reservation may be confirmed for less than seven nights if equal or more nights are in White or Blue Season.

9. Borrowing Vacation Credits. An Owner may, in their current anniversary year, use Vacation Credits from their following anniversary year.

10. Number of Vacation Credit Reservations. An Owner may have and use as many Vacation Credit reservations as may be possible with the number of Vacation Credits the Owner has available; provided that an Owner may have only one Weekend Only reservation at a time for each block of 5,000 Vacation Credits Owned and does not violate the Nightly Unit Limit.

11. Number of Bonus Time Reservations. An Owner may use as many Bonus Time reservations as possible within the following limitations. An Owner may have only one Bonus Time reservation until the reservation has been completed. If the Bonus Time vacation plan is to stay at more than one Club Resort, then the Owner may make the number of reservations needed, provided the combination of these reservations is for consecutive nights, and that the Bonus Time does not exceed four (4) nights.

12. Nightly Unit Limit. An Owner may reserve no more than 10 units per resort per night. For locations with less than 50 units, no more than 20% of the total units in the Club may be reserved.

13. Guest Use. Any non-owner use, whether by rental or gift, is considered Guest usage by the definition given above in Section A.2. The Owner making the reservation is responsible for Guest behavior, charges resulting from Guest usage and Guest compliance with all applicable Club Guidelines and Restrictions. The Owner does not have to be present during Guest usage of Vacation Credits. However, the Owner does have to be present during the Guest usage of Bonus Time, unless the reservation is made no earlier than five (5) days before the first day of the reserved period. An Owner may charge a Guest for use of Vacation Credits in whatever amount the Owner chooses, but may charge Guests for Bonus Time usage in only the actual cost of Bonus Time. Owners shall not charge any fee in cases where rental is prohibited by local law or restriction, or in cases that the Club Board determines are not in the best interest of the Club.

14. Guest Certificate Fee. A Guest Certificate ("Guest Certificate") is required for each confirmed reservation by the Owner for a Guest. Guest Certificates will be awarded each Anniversary Year based on the number of Vacation Credits owned. Guest Certificates will not carry over and will expire at the end of the Owner's Anniversary Year. Guest Certificates may not be borrowed from future years and are non-transferrable and non-refundable. Modifying a Guest name on a confirmed reservation requires the use of an additional Guest Certificate. Once an Owner's complimentary Guest Certificates have been used, additional Guest usage will be subject to the Guest Certificate fee per reservation booked during each owner's Anniversary Year. The amount of the fee shall be determined by the Club Board and is currently $99 when booked online and $129 when booked by telephone. Annual awards are calculated by taking the number of Vacation Credits owned divided by 10,000 and rounding up to the nearest whole number. For example, an Owner that owns between 5,000 and 10,000 Vacation Credits will be awarded one Guest Certificate each Anniversary Year and an Owner that owns between 11,000 and 20,000 Vacation Credits will be awarded two Guest Certificates each Anniversary Year. Please see the Guest Certificate Schedule attached to these Guidelines for additional information.

15. Multiple Reservations. An Owner may book multiple reservations for the same time period. Each Owner on the account is allowed to check into a reservation for the specific unit they will occupy. Any further reservations will require a guest name, and such guest's name must be added to the reservation system within 48 hours (two days) of the reservation(s) being made. When booking within 14 days of check-in, a guest name must be added at the time of reservation. If a guest name is not added to any additional reservation(s), the reservation(s) shall be subject to cancellation and the corresponding credits shall be forfeited in accordance with the cancellation policy. The guest name cannot be modified after check-in and the guest listed on the reservation must be present at check-in and occupy the unit.

16. Day Use Prohibited. Only those persons who are occupying Units may use Resort facilities, except that occupants may have daytime Guests within the occupancy limit allowed for the occupant's Unit.

17. Bonus Time Fee. Use of Bonus Time shall be subject to the prepayment of a Bonus Time fee instead of any Vacation Credit or housekeeping charge. The amount of the fee shall be determined by the Club Board and is currently $.093 cents per Vacation Credit that would be required under a Vacation Credit reservation, with a minimum of $100.00 USD for each night reserved.

18. Annual Housekeeping Fee. Vacation Credit use will be allowed one free housekeeping service each anniversary year for each block of 10,000 Vacation Credits owned. The free housekeeping service will occur at the end of the first continuous Vacation Credit stay at one resort.

19. Additional Housekeeping Fees. Further Vacation Credit use in the same anniversary year or any use of Assigned Vacation Credits, shall be subject to a housekeeping fee per stay as may be determined by the Club Board. Housekeeping service occurs at the end of each continuous Vacation Credit stay at one resort.

20. Optional Housekeeping Service and Fees. During any stay, an Owner may obtain optional housekeeping services, at the noted fees, by contacting the front desk at the resort.

21. Civil Taxes. Owners are responsible for any civil taxes related to their usage of Club Units, such as sales tax or transient occupancy tax. Taxes shall be prepaid at the time of the reservation.

22. Confirmation. All reservations must be confirmed by the Club by e-mail, and a reservation number assigned before it is valid. This reservation confirmation must be presented at the time of check-in at the Resort. The confirmation will state the number of Vacation Credits charged for the reservation. If a reservation confirmation is not promptly received, the Owner should call the Vacation Planning Center. The Owner is responsible to verify correctness of the reservation upon receipt of the confirmation and immediately notify the Club Vacation Planning Center of any errors. The Club does not guarantee any reservation other than that confirmed on the confirmation.

No reservation request will be confirmed if you are delinquent in the payment of any amount owed to the Club under the Program or owed on your Ownership Agreement for purchase of Club Vacation Credits. Further, you will not receive voting materials nor be allowed to vote on Club matters if, as of the record date, you are 60 days or more delinquent in the payment of any amount owed to the Club.

25. Unused Vacation Credits Carry Over. Vacation Credits that are unused at the end of an Anniversary Year will automatically carry over for use in the following year, and will expire at the end of that Year. Usage will be charged first against any carryover Vacation Credits, and then against the current year's Vacation Credits.

Club occupancy limits will be enforced. Owners checking into a Resort with more persons in their party than the reserved Unit occupancy limit will be given the opportunity to reserve a larger or additional Unit, if available, to reduce the number of persons in their party, or if necessary, to vacate.

3. Care of Units. The Owner is responsible for any damage or loss of furnishings that might occur during occupancy by an Owner or an Owner's Guest.

4. Inventory. In each Unit there is an inventory list of major items. The occupant should report any missing items, or damage noticed in the assigned Unit to the Manager as soon as possible after check-in. During the four-hour maintenance period after each occupancy, an inspection of the Unit, its furnishings and equipment will be conducted.

5. Charges. Charges for any missing items, damage during occupancy, excessive cleaning requirement or charges for any unpaid services will be billed to the Owner. Nonpayment of such charges will be cause for suspension of reservation and occupancy privileges until paid in full.

6. Modifications. No structural changes, reorganization or removal of furniture, wall hangings, floor coverings, or redecorating of any type within the Units or other areas of the Property are permitted.

7. Specific Resort Rules. The Club may establish and post specific rules related to the orderly management of each Resort.

8. Conduct; Solicitation. For purposes of protecting the privacy of members and guests, the solicitation or promotion of information, goods or services on resort properties is prohibited unless prior authorization is provided by the Board or its designated agent. Notwithstanding this prohibition, nothing herein will prevent Declarant from exercising its rights set forth in the Program documents.

9. Smoking. The Club prohibits smoking and vaping except in designated smoking areas. Smoking and vaping are prohibited in all guest units, unit patios, decks and balconies. Owners and Guests should check with each resort's front desk for information on designated smoking areas or any other site specific smoking policies.

10. Animals. No animals or pets may be brought onto any of the Resort properties, including in any type of vehicle, except for service animals assisting the handicapped, such as seeing eye dogs. All other animals, trained or untrained, whose sole function is to provide emotional support, therapy, comfort, or companionship do not qualify as service animals and are not permitted at Wyndham Destinations Managed locations.

Children twelve years of age or younger cannot be left alone without the direct supervision of someone who is at least thirteen years of age or older.

14. Personal Property. Neither Club Management nor the Club are responsible for any belongings left by Owners or Guests. Owners or Guests are responsible for removing all non-Club personal property from the Unit prior to checkout. Except in areas that may be designated for such purpose by the Manager (for example, storage lockers), neither Owners nor Guests may keep personal property on the Resort other than in the Unit during occupancy.

Section E — Administration

1. Maintenance Period. The Club may reserve seven (7) nights and days, not necessarily consecutive, during each calendar year as a maintenance period for each Unit during which period the Club shall maintain, refurbish and repair the Unit as necessary. The Club shall determine from time to time which days and nights will constitute the maintenance period for each Unit. No reservations for a Unit shall be accepted during this maintenance period.

2. Entry. The Manager has a pass key to all rooms. In case of emergency, the Manager or the Manager's staff person may enter a Unit and shall notify occupant, as soon as reasonably possible, of the reason for such entry.

3. Renting by the Club. If it is in the best interest of the Club and in compliance with local laws and restrictions, the Club may rent Units to non-owners provided Owner demand for a resort/unit is reasonably predictable and Owner reservations assured. All proceeds from such rentals shall accrue to the Club.

4. Amendments. The Club Board may amend these Guidelines from time to time in accordance with the Club's Declaration and Bylaws. This can include the amendment of any fees or hours of operation listed in these Club Guidelines.

5. Violations. Failure to abide by these Guidelines or the terms and conditions of the Program could result in temporary or permanent suspension of Owner rights and privileges.

6. Enforcement. The Resort Manager shall have full authority to implement these Club Guidelines and any local Resort rules. Vacation guides shall have full authority to apply these Club Guidelines in the booking of reservations.

7. Unacceptable Behavior. The Club's Manager, at its sole and reasonable discretion, may restrict Club services and/or access to an Owner who engages in behaviors that negatively impact the WorldMark program, other Owners and Guests, resort properties and/or Manager's employees. Such behaviors include, but are not limited to, the use of verbally threatening language, profanity, inflammatory statements, unrestrained emotional outbursts, manipulation of the Club's Governing Documents and/or Manager's employees to gain an unfair advantage, and acts of physical harm or malice toward other Owners and Guests, resort properties and/or Manager's employees. Such restrictions may include, but are not limited to, refusal to provide services and/or access to owner service center, reservation center, front desk, website, and any telephone communications with Manager's employees. The Club's Manager may enforce such restriction for such periods of time as it determines in its sole and reasonable discretion. The Manager shall exercise its discretion under this Section consistent with applicable provisions of the Club's Bylaws, Communication Policy, and any other applicable statutes, policies, or guidelines.
